

MOVE OUT INSTRUCTIONS

Thank you in advance for taking care of items needed in order to receive your Full Deposit.

Your lease requires you to leave the property ready for a new tenant to move in.

All utilities are to be left on in your name until the end of your lease term, not your move out date. Your move-out inspection will *not* be done until at least the 1st day after your *last* day of your lease term unless otherwise agreed. Per your lease deposit addendum, your deposit refund will be mailed to you from the owner of the property, with invoices of any repairs taken from your deposit.

SHOWINGS:

Please expect house to be shown when you leave to go to work everyday so have house ready to show, picked up, personal items put away, dogs crated or gated so full house can be viewed. The better it shows the faster it will lease or sell & we will stop showing. **Do not lock keyless deadbolts on front door.** Please remember we can cancel all showing per your lease until you have vacated, and you pay the penalty for this cancellation (no showing while occupied), otherwise tenants are **not to cancel showings but can re-schedule unless authorized by KPI. Per your lease we can charge you a daily trip charge for each showing declined by tenant.**

CARPETS:

THIS MUST BE SET UP A WEEK IN-ADVANCE TO SCHEDULE ... Unless your lease states otherwise you are to have carpets cleaned at your move out using **Fire-Fighter Carpet Cleaning @ 972-345-9977**, they are allowed to use the lockbox to enter property. **Please make sure you vacuum the carpet as well as the edges all around the house prior to cleaning, to insure the best cleaning.
